CALYPSO DEADLINE:

July 1 for the July issue

The purposes for which the Society is organized are to create an awareness of orchid culture; to foster the preservation of native species of orchids; to support research and development of orchid culture; and to hold meetings, lectures, and exhibitions.

MAY 14 MEETING: In-Person at 6:00 p.m.

2 42 Community Center at 2630 Bennett Rd, Okemos

Doors open at 5:30 p.m. for:

- Plant shopping
- Experienced Society members will be available to answer questions and help problem solve orchid growing issues
- Please have refreshments in place prior to start of meeting.

Meeting will start promptly at 6:00

For the time being, and according to the CDC Guidelines for Covid 19, we are making masks optional for our meetings.

Brenda Oviatt from Botanica Ltd. will be our speaker. Her topic will be Angraecoid orchids: Keeping a Piece of Nature Alive.

Bio: Botanica Ltd. is owned and operated by Bill Nerison (architect) and Brenda Oviatt (graphic artist). They began

growing orchids in 1983 and over time their growing has evolved from a hobby into a two part business. One half of the business involves growing and selling orchids (primarily species) to other interested growers. The other half of the business is focused on the ex-situ propagation of endangered angraecoids and the education of hobbyists and growers concerned with the plight of many species of plants and animals from Africa and Madagascar.

Brenda will be bringing orchids to sell. Please go to her website and place your order. She will have a code set up in the website so that members can enter MICHIGAN and it won't charge shipping. May 11 would be the deadline for preorders. Brenda will also be bringing plants that aren't and will never be on the website, too.

PRESIDENT'S MESSAGE -- Pete Ostlund

We've made it through another winter (almost)! The cold, wet weather seems to be holding on a bit longer than usual, or I'm just less tolerant of it. Our orchid show season has finished. GLOS did very well as a society and individual members' orchids did well too. Many thanks to those that help set up and/or tear down the displays, and donate plants for the displays. It's always a group effort. Consider helping out next year if you haven't in the past. It's a great way to expand your orchid knowledge.

Our May meeting will be busy as usual. Please remember that our evening meetings start at 6:00 from now on (doors open at 5:30). We will be out of the building by 8:30. Our speaker is Brenda Oviatt. Check out the front page of the Calypso for more information. The May meeting also includes our annual elections and our award recognitions. For those of you that can't attend the meeting in-person, please join us via Zoom.

GLOS doesn't meet in June, but the Great Lakes Judging Center will have something of interest for you to participate in. And July 23 is our annual GLOS picnic and plant sale. Details of both of these events will be sent later if they are not included in this newsletter.

By now many of your winter dormant orchids are showing signs of life. My habenarias, cynorkis, and catasetums are starting to put out new growth. Remember not to water your catasetums too early; the leaf growth needs to be several inches tall and the roots should be 3 to 4 inches long (if you can see them). See the Sunset Valley Orchids website for catasetum culture information if you need advice. Outdoors my cyripediums are also spouting. And I'm hoping my Bletilla striata comes up and I can find it among all the other things blooming in a spring garden.

Remember, If you need advice on a problem you're encountering, or new orchids you want to try, please feel free to ask one of the experienced growers at our meetings.

Hope to see you at the May meeting. -Pete

- Masking policy: after discussion it was decided that we would make masks optional until further notice.
- Election in May: we discussed the procedures and decided that Dot and Becky would review the by-laws and develop a plan.

SHOW REPORT FOR THE AAOS 2022 ORCHID SHOW, MARCH, MATTHAEI BOTANICAL GARDENS

By Carol Stuht

GLOS members delivered an excellent variety of plants for the AAOS show to the home of Dot Barnett. Dot, Jerrie Nichols, and Carol Stuht arranged many into baskets, transported all to the show venue, and put the display together with the able assistance of Lee Barnett. Our display included several exceptional plants, including the Best of Show, Dot's impressive Paph. philippinense 'Wacousta' AM/CCM/CCE/AOS.

The four of us and Ioana Sonea, met again Sunday to take down and transport the display back to Lansing. Thank you to everyone that contributed their plants to the display. It really was lovely.

GLOS CLERKS VOLUNTEER AT THE ANN ARBOR ORCHID SOCIETY SHOW - Doris Asher

Many of the people who clerked for us at our own Show in February traveled to Matthaei Botanical Garden in Ann Arbor on Saturday, March 19th, to clerk for the Show of the Ann Arbor Orchid Society as they were having difficulty obtaining enough volunteers.

Thanks to Bill Cadman, Jim Churn, Diane Collin, Teresa Fowle, Steve Kemp, Tammy Scherer, Ioana Sonea, and Jill Wood. Doris Asher chaired the judging for that Show, and she recruited Tammy and Ioana to serve as lay judges in order to have enough ribbon teams to get the work done in a timely manner so that the Show could be opened to the public.

Thank you, one and all

SHOW REPORT FOR THE MOS 2022 ORCHID SHOW - Ioana Sonea

The 25 sq. ft. display at the Michigan Orchid Society (MOS) annual show was set up by Carol Ann Stuht and Ioana Sonea on the afternoon of Friday, March 25th. This year, the show was held at a new, smaller location, which made set up a bit more challenging than in the past.

We had a wide variety of beautiful orchids from 7 GLOS members (Abby's Maxillaria was inadvertently left behind). It's always a lot of fun trying to figure out where each plant should go so it's well displayed while at the same time creating an overall display that is harmonious and pleasing to the eye. Because the back of the deep display could only be accessed by crawling under the table (!), Carol Ann got quite a bit of exercise! But we were both pleased with the results, and so were the judges, awarding a second place to it in its class.

Afterwards, we were able to chat with other exhibitors, some of whom we hadn't seen for some time, and even browse for new orchids from the vendors. This is often the best time to shop, before plants have been picked over by show attendees. In another return to tradition, MOS was able to offer a pizza dinner with homemade desserts (and yours truly did have to sample all of those!).

Dot Barnett earned the only AOS award at this show, an FCC for her stupendous Phragmipedium Mama Hanh Thi Nguyen, purchased as a seedling from Sam Tsui of Orchid Inn. Nearly everybody came home with one or more ribbons (34 first, second or third places out of 41 entries!). Results are shown at the end of this article.

Teresa Fowle, Carol Ann Stuht, Dot and Lee Barnett took down the display and brought the plants home on Sunday, March 27th. Thank you to all of you who helped take down, it goes quickly when there are enough volunteers!

If you're ever tempted to come help set up, let Jerrie Nichols know: it's fun and challenging!

For members who want to save significant dues over time, the Society offers a life membership for a one-time payment of \$80.00. Forty-four people have already taken advantage of the life membership.

Please make checks payable to GLOS and send them to Treasurer Doris Asher, 277 N. Hagadorn Road, East Lansing, MI 48823. Alternatively, save yourself a stamp and pay Doris in person at our March 12th in-person meeting. Cash or check is fine.

Thank you for sending in your dues prior to the deadline. We do not want you to miss even one issue of The Calypso. Please consider receiving your newsletter electronically at no cost to the Society. Or, perhaps you could make a special donation to help offset the expense of photocopying and mailing. Each issue costs GLOS \$1.18 to provide in hard copy for a total cost per year of \$7.08.
